Please explain your experience AND current efforts in your areas of interest :

I have experience managing people and programs and organizing large events. My strongest skill is motivating others to take part and communicating information to groups. I have a lot of background in education management, partnership development, and relationship management which I could bring to help EPC engage with the community. I am concerned that the pandemic and the recent rainy weather has caused a certain amount of ambivalence and complacency around these topics which I hope to help address if I'm selected.

If named to the Committee, what would be your goals and objectives for your first year?

My goals for the first year would be to understand what processes and procedures are already in place in regards to preparedness, to develop strong lines of communication with other agencies and to help the committee develop future plans for outreach and community engagement.

Thanks for your interest. Applications will be considered on a continuous basis and/or as the need arises. Committee size is limited. Please email your application to fire@kensingtonfire.org.
