I would like to express my strong support for Rick Artis .We serve on the KPOA together.He has been an asset to our board in many ways; his knowledge of the community, his financial understanding of the budget,and his ability to participate in discussions where there is disagreement and ask excellent questions guiding the group to reach consensus.He is a man of great intellect.He brings a spirit of congeniality to our monthly meetings. He is concerned about fire safety and lives in an area where this issue is of vital importance. The community is fortunate to have a candidate with the skills and integrity that Rick Artis would bring to the Fire Board. Candy Capogrossi 69 Kingst
