RE: **Agenda Item 6**
Protecting Your City from Wildfire 2021 Conference

SUBMITTED BY: President Larry Nagel

Fellow EPC Members:

On February 2-3, 2021, I attended a very informative workshop entitled Protecting Your City from Wildfire 2021. I will give a very short presentation on my takeaways from this workshop at the EPC Meeting this Thursday. I have assembled all of the slides that were available and included the notes that I took while watching the presentations. You don't have to read all of this information before Thursday! All of this material can be found at the following link:

We have permission from the conference to freely disseminate this information.

Thanks!!!

Larry
